

Recommendations. PLEASE:

- Comply with the specific rules for protected areas and forests (cf. 'Legislation' box opposite).
- Keep your dog under control at all times and do not allow it to foul the meadows.
- Avoid grazing land where a guard dog is present.
- Close gates and barriers behind you.
- Leave no trace: take your rubbish home.
- Do not approach or disturb the wildlife.
- Do not walk over the meadows. Stay on the paths.

Responsible visitor behavior

Visiting with dogs

Certain areas of the Gruyère Pays-d'Enhaut Regional Nature Park are more sensitive than others. Special rules therefore apply, particularly on bringing dogs into the Park. Please comply with the relevant rules and regulations and adapt your behaviour accordingly. By acting responsibly, you are helping to preserve the mountain landscape and ensuring a positive Park experience for yourself and other users.

Legislation

From 1 April to 15 July, dogs must be kept on a leash when in the Park's forests (FR and VD). In the canton of Vaud, they must always be kept on a lead when walking along the forest's edge and in the meadows around the forests.

Dogs must always be kept on a leash when in wildlife protection zones (federal game reserves and canton of Vaud wildlife reserves). Dogs are not permitted in certain nature reserves like Vanil Noir and La Pierreuse). See map overleaf for more details.

Restricted areas: visiting with dogs
